## Your Milk

In a one room, small building in Frederic less than twenty years ago, the souvenir factory was started. Today they have a large and modern plant and employ about 100 men and women. Their souvenirs find the way to every state in the union. Thus Frederic turned from a near ghost town left over from the lumbering days to a manufacturing center. This maybe called the machine age, but the human body is the greatest machine of them all. It can do more different things, outwears them all in years. The motor runs day and night and is not replaced with spare parts. It will even bring your milk to your door for your breakfast table. Have you tried Crawford County produced milk lately? It is sold by Hunter's AuSable Dairy in Grayling.

## Who Are Dragging Their Feet?

Shortly after the disastrous mid-west floods, the President flew across the stricken area. In the course of subsequent remarks, he charged that the governors of the region have been "dragging their feet" on the flood control problem.

This statement was immediately answered by Governor Kohler of Wisconsin. The fact is, the governor said, that the administration has been using the flood to gain political ends, and to urge "flood control programs which the Hoover Commission has branded as exceedingly wasteful." He added that the President should have studied conditions on the Wisconsin River, and continued: "Had Mr. Truman done so, he could have observed that there will be no flooding of cities on the Wisconsin River because of the dams and reservoirs constructed on the river with private capital."

"He could have observed that long before the Democrats seized on flood control as a political issue, and another means of forcing America into socialism, private enterprise in Wisconsin, with legislative authorization and encouragement, harnessed the Wisconsin River, ended its floods and put the river to work."

Twenty-one storage reservoirs have been built on the river—entirely without tax money. The water is stored during periods of flood danger, and subsequently used for hydroelectric power production. There are also 24 power dams on the stream, and the millponds behind them are raised or lowered as conditions dictate. The flood menace has been removed even as the river's economic, scenic and recreational values have been greatly increased.

Wisconsin has established a precedent that the whole nation could profitably follow.

The following poem was received by Mr. and Mrs. C. S. Barber, of Frederic at Easter time. It was on a lovely hand-painted card, and came from a former daughter-in-law, Mrs. Jack Dawson, of Detroit. The poem recalls to Frederic "old-timers" the Easter of their home which was destroyed by fire in 1925, and which was washed "on a hill". Mrs. Dawson also refers to their present small home, which is situated at the foot of this hill.

### Draft Personnel Honored For Decade Of Service

The "heroes without medals", Selective Service board members and their associates who have contributed voluntarily of their services to the operation of the draft for more than a decade, will be honored by the Michigan Selective Service System at the conference and dedication program to be held June 22 at the J. W. Sexton Auditorium in Lansing. It has been announced by Lt. Colonel Arthur A. Holmes, acting state director.

Major General Lewis B. Hershey, national director of Selective Service, will give the principal address at the dedication ceremony. Lawrence L. Farrell, executive secretary for Governor Williams, will present certificates of commendation to the Michigan Selective Service veterans.

These men are the ones who made possible the rapid build-up of the nation's armed forces during World War II. They are repeating the assignment on a much smaller scale for the current emergency. All local personnel, except office clerks, serve voluntarily without pay.

During World War II the Michigan Selective Service System supplied more than 420,000 men for the nation's armed forces. During the current emergency Michigan draft boards have inducted more than 50,000 men for military service.

Local Selective Service personnel who will receive awards for their decade of service on June 22 at Lansing include the following: Alfred Hanson and Charles E. Moore, both of Grayling, board members and Dr. C. G. Clippert of Grayling, medical advisor.

### Vets And Dependents To Receive More Aid

More than 3,000,000 veterans and dependents of deceased veterans will receive increases in compensation and pension payments under a bill signed by the President on Friday, May 23, 1952.

The increases become effective July 1 and will be included in checks which will be mailed at the end of the month, the Veterans Administration announced. The President signed at the same time a companion bill increasing the amount of income a person may have and still be eligible for pension payments in non-service-connected disability and death cases.

Under the old limits, an otherwise eligible veteran or widow having an income in excess of \$1,000 annually, without dependents, or \$2,500 with dependents could not qualify for pension. These limits have been raised to \$1,400 and \$2,700 respectively.

VA said all applicants for pensions whose claims were denied under the old income limitations and who believe they may qualify under the new limitations will have to file new claims for reconsideration on or after the effective date of July 1, 1952. No automatic review of such rejected claims will be made.

The Congress, in passing these two laws, estimated they will add \$202,460,000 to compensation and pension payments during fiscal year 1953 which begins July 1, 1952.

Stanley Burmeister, Service

Office of AMVET will be in Grayling on July 26 from 9 a. m. until noon at the Office of the Bureau of Social Aid at the Crawford County Court House to assist veterans and their dependents on claims and to issue new information concerning the changes in the law.

George Kell, left, star third baseman of the Detroit Tigers, receives a key from the Oldsmobile Key Demonstration Campaign as teammate Pat Mullin hands him a key-size replica of the key to an Oldsmobile "Show Car". Mullin, who is associated with an Oldsmobile dealership in Brownsville, Pa., leads off a campaign in which key people will be invited to drive "Show Cars" equipped with such new features as the Automatic-Matic, Hydra-Matic Super Drive and GM Hydraulic Steering.

## Olds Dealer to Launch City-Wide 'Key' Campaign

Local motorists will soon be getting the opportunity to "catch up" on the latest automobile engineering advancements, it was made known today by the Oldsmobile Dealer, Alfred Hanson, head of Hanson's Sales and Service.

A campaign of "key" demonstrations to be made with a special Oldsmobile "show car", will

start Thursday, June 19, the executive declared.

Details are now being worked out for the civic ceremonies launching the event.

"Great strides have been made in automotive engineering and styling in 1952," the dealer said.

"The Oldsmobile demonstration 'show car' will embody all of these advancements including Autronic Eye, GM Hydraulic Steering, Tinted Glass, new horsepower 'Rocket' Engine, and Hydra-Matic Super Drive with choice of two ranges."

The special "show car" is now enroute from the Oldsmobile factory, it was learned. It is finished in a brilliant new color combination luxuriously upholstered and fitted with the latest accessories. When not in use in giving "key" demonstrations, the model will be displayed in a place of honor at the local dealership and the public will be invited to examine it.

According to the Oldsmobile dealer, the "key" demonstration campaign is a national effort on the part of approximately 4,000 dealers. Governors, mayors, and distinguished civic leaders in all parts of the country will be among the motoring enthusiasts trying out the latest automotive engineering innovations. The "key" campaign will run for 60 days.

Lloyd Maumquist and a friend from Detroit spent the week-end at his cabin on Big Creek.

Mr. and Mrs. John Haefka had as their guests Friday Mr. and Mrs. R. Murray and son of Midland.

A number of Lovellites have been on the sick list this past week.

Barbara Johnson and Kathleen Morris returned home Saturday from 4-H Camp both reporting a grand time.

Mr. and Mrs. Leonard Griggs of Flint spent a day with the Vern Hartmans last week-end.

Mr. and Mrs. Phil Bolander and Pat and Margie Harwood drove up from Bay City Monday spending the day at Mrs. Ruth Caldwell's.

Most of the cabins were occupied at Twin Bridges the past week-end, namely Eymers of Saginaw, McCanns, Olneys and Snooks of Detroit.

The Cheerful Givers Club met at their club room with 18 present. A delicious dinner was served after which a short business meeting was conducted. Their Secret Pals were revealed, each receiving a very nice gift and names were drawn for the coming year. The next meeting will be at the club room June 25 at 1 P. M.

Remember there is a party at Club Room each Saturday night. Prizes for all lucky ones attending.

Congratulations are extended to Mr. and Mrs. Max Munrow (nee Mary Archer) on the arrival of a son born last week, whose home is in Lansing. The young man tipped the scales at little better than 8 pounds.

from travel veterans...

take **Samsonite**  
Luggage

• Its smart lines and colors give you an air of distinction. Make you feel like visiting royalty.

• It carries more clothes, keeps them wrinkle-free; has pockets and hangers to make packing easy. And the better-than-leather coverings wipe clean with a damp cloth.

• If you're going by car... you'll stow more Samsonite (and more sports' gear) in the rear deck... thanks to the scientific tapered shape.

• In a pinch... Samsonite's a cinch to handle personally. Because of special grip-fit handles and slim shape.

• Samsonite costs so little! Two pieces total less than you'd expect to pay for just one of such quality. You can own a complete family ensemble right off!
